11th December 2020

Dear Sir/Madam,

Modbury Cross Woodland Planting

Devon County Council is consulting on a woodland creation scheme on land near Modbury Cross/Hollowcombe Cross south of Ermington in the South Hams. See location map overleaf and attached plans. The primary objective of the scheme is to create wildlife habitats – specifically woodland and wet woodland while ensuring the proposal integrates in the local landscape, avoids damage to existing valuable wildlife habitats, retains existing public rights of way and respects the historic setting.

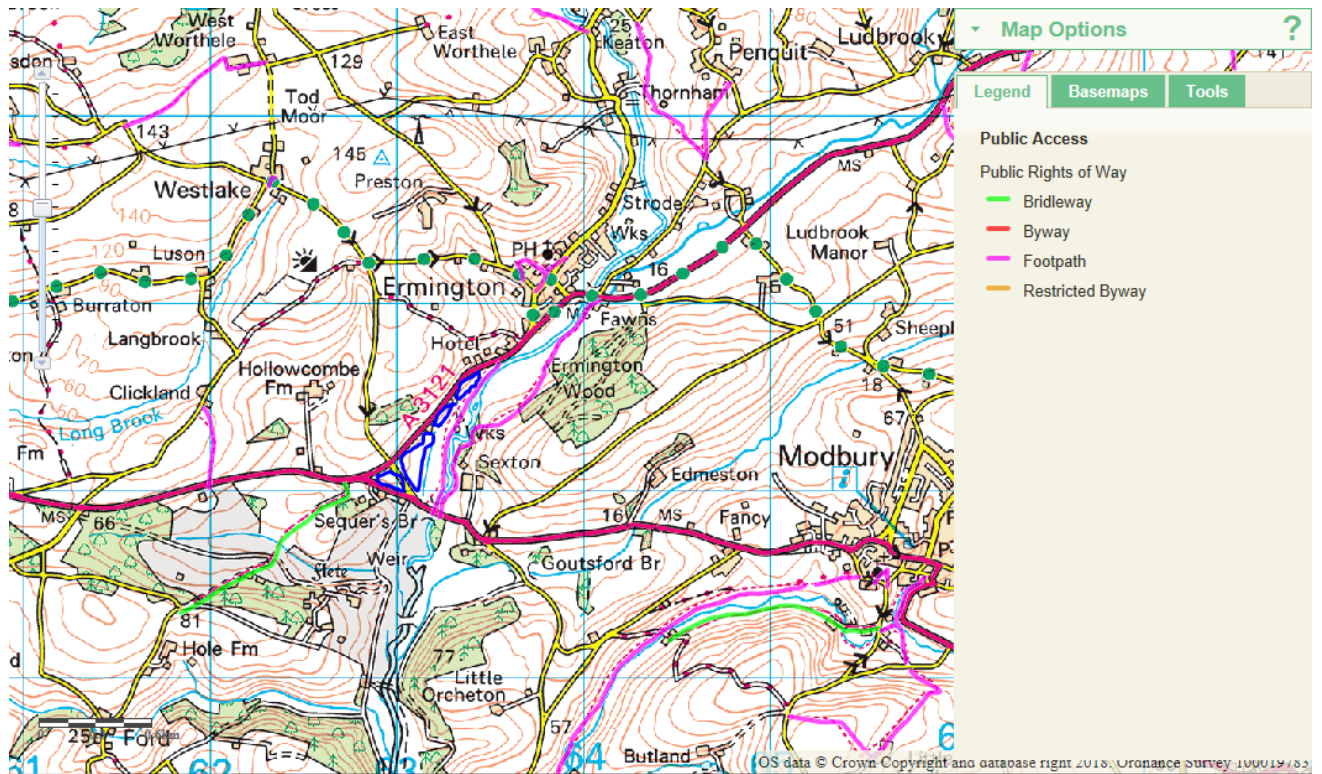

The project would be developed in two phases starting with Plots 2, 3 and 4 in winter 2021 and Plot 1 in winter 2022 once the separate planned road safety improvement scheme at Modbury Cross has been completed. For more information about the road safety improvement scheme see: <https://www.devon.gov.uk/roadsandtransport/safe-travel/road-safety/safer-roads/capital-schemes/>

If you have any comments or concerns over the proposed woodland creation scheme, or would like more information, please contact me at Devon County Council on the email address below until the 25th of January 2021.

Yours faithfully,

Dorothee Fitzsimmons
Special Projects Manager (Environment and Major Schemes)
